

Committee Chair Mid-Year Report

Thank you for submitting your Mid-Year Report. This information is important for improving our Academy, communicating with the membership, as well as ensuring that Committee Chair is accountable for their responsibilities to the Academy as outlined in our [Bylaws](#).

Committee

New or Returning Chair

Have you fulfilled the duties of your Committee as defined in the bylaws?

Yes No

Why not?

The bylaws discuss more than what I was told the Program chair does. Much of the work is behind the scenes and only pertains to ACVIM. This chair, per the bylaws, should be doing much of what the new ad hoc development committee is doing. These should be reevaluated to be combined.

What is preventing you from fulfilling your duties

Are you attending the ACVIM Forum this year?

Yes No

Please list any special projects you have worked on so far this year:

Incoming Chair, were you prepared for this Chair position?

Please list improvements and kudos

Are there any duties that should be added or removed to your Committee?

See above regarding reevaluating this committee and the new ad hoc development committee.

What are your goals for the remainder of the year?

I did not set goals past ACVIM programming.

Please upload a list of Committee members, noting those members who were active, those who were inactive, and those whose participation did not meet your standards
